Native Wine Grapes of Italy Ian D'Agata,2014-05-16 Mountainous terrain, volcanic soils, innumerable microclimates, and an ancient culture of winemaking influenced by Greeks, Phoenicians, and Romans make Italy the most diverse country in the world of wine. This diversity is reflected in the fact that Italy grows the largest number of native wine grapes known, amounting to more than a quarter of the world's commercial wine grape types. Ian D'Agata spent thirteen years interviewing producers, walking vineyards, studying available research, and tasting wines to create this authoritative guide to Italy's native grapes and their wines. Writing with great enthusiasm and deep knowledge, D'Agata discusses more than five hundred different native Italian grape varieties, from Aglianico to Zibibbo. D'Agata provides details about how wine grapes are identified and classified, what clones are available, which soils are ideal, and what genetic evidence tells us about a variety's parentage. He gives historical and anecdotal accounts of each grape variety and describes the characteristics of wines made from the grape. A regional list of varieties and a list of the best producers provide additional guidance. Comprehensive, thoroughly researched, and engaging, this book is the perfect companion for anyone who wants to know more about the vast enological treasures cultivated in Italy.

The Oxford Companion to Wine Julia Harding MW,Jancis Robinson OBE MW,Tara Q. Thomas,2023-08-15 Everything you could possibly want to know about wine, in one fully up-to-date A-Z volume! The Oxford Companion to Wine is a uniquely comprehensive and in-depth A-Z reference book on every aspect of wine: more than 4,000 entries covering topics from history through geography, geology, soil science, viticulture, winemaking, packaging, academia, technology, and regulations to people and places, tasting, writing, and the language of wine. The system of cross-references takes the reader from one

entry to another, showing how all these topics are interconnected in the fascinating story of wine in its most traditional and modern forms. This new fifth edition, which benefits from the knowledge and experience of over one hundred new contributors, all experts in their field or geographical region, is expanded by 272 new entries, and every existing entry has been reviewed, updated, and polished. The text is more international than ever, written for wine lovers of every persuasion, including those who love wine but want to know more in order to increase their enjoyment of this endlessly fascinating liquid, and those who are intent on studying wine, professionally or privately. This is a huge treasure trove of knowledge, for the first time breaking the barrier of one million words, but the alphabetical format and the links between the entries make it easily navigable, and the language, while not shying away from complex science, is intended to open the door to every curious reader looking for answers on every question they have ever wanted to ask about wine.

Thing of Beauty Stephen Fried, 2011-12-06 The inspiration behind the Emmy Award-winning HBO film *Gia* with Angelina Jolie, this “vivid...exhaustive” (The New York Times Book Review) account of the iconic and tragic life, career, and legacy of supermodel Gia Carangi features a new afterword by the author. At seventeen, Gia Carangi was working the counter at her father's Philadelphia luncheonette. Within a year, she was one of the world's top models, gracing the covers of *Cosmopolitan* and *Vogue*, partying at Studio 54, and redefining the fashion industry's standard of beauty. But behind the glitz and fame, Gia was a young woman in pain, desperate for her mother's approval and facing a drug addiction that quickly spun out of

control. With dizzying speed, she went from \$10,000-a-day fashion shoots to using drugs on the streets of New York and Atlantic City before finally being blackballed from modeling. At twenty-six, Gia once again made history as one of the first famous women to die of AIDS. This “chilling tale” (The Boston Globe), based on hundreds of interviews with friends, family, lovers, and fashionistas (the term author Stephen Fried coined for her industry colleagues), is comprehensively explored in this unputdownable biography that will introduce Gia to a new generation. It is also a powerful exploration of our society’s views of beauty and sexuality, fame and objectification, mothers and daughters, love and death.

La Schiava Padrona Anna Maria Somma, 2016-07-18 Sara scopre un grave disturbo alimentare della figlia adolescente. Per controllarla crea un falso profilo su Facebook, ma ottiene una rivelazione ancora più grave, che riguarda una sua amica, Alessia. Anche lei usa la rete sotto falsa identità e si fa chiamare in chat La schiava padrona. Davide è un uomo schiavo dei sensi, che si ritroverà, suo malgrado, al centro di un conflitto generazionale. Sullo sfondo una società priva di punti di riferimento e di un sistema giuridico efficiente, che non riesce ad arginare il dilagante fenomeno della violenza sulle donne tra le mura domestiche. I personaggi, con le loro debolezze, cercheranno di liberarsi dalle catene dell'anima, che sono ancora più difficili da spezzare di quelle reali.

Acoustemologies in Contact Emily Wilbourne, Suzanne G. Cusick, 2021-01-19 In this fascinating collection of essays, an international group of scholars explores the sonic consequences of transcultural contact in the early modern period. They examine how cultural configurations of sound impacted communication, comprehension, and the categorisation of people. Addressing questions of identity, difference, sound, and subjectivity in global early modernity, these authors share the conviction that the body itself is the most intimate of contact zones, and that the culturally contingent systems by which sounds made sense could be foreign to early modern listeners and to present day scholars. Drawing on a global range of archival evidence—from New France and New Spain, to the slave ships of the Middle Passage, to China, Europe, and the

Mediterranean court environment—this collection challenges the privileged position of European acoustical practices within the discipline of global-historical musicology. The discussion of Black and non-European experiences demonstrates how the production of ‘the canon’ in the cosmopolitan centres of colonial empires was underpinned by processes of human exploitation and extraction of resources. As such, this text is a timely response to calls within the discipline to decolonise music history and to contextualise the canonical works of the European past. This volume is accessible to a wide and interdisciplinary audience, not only within musicology, but also to those interested in early modern global history, sound studies, race, and slavery.
